

**REMARKS**

Claims 68 and 69 are pending in the application, and the Office Action indicates that all claims are objected to.

The Office Action is a Quayle Action and indicates that this application is in condition for allowance except for the following formal matters.

Claims 68 and 69 are objected to because of the following informalities:

a) Claim 68 and 69 are objected to for containing non-elected subject matter.

b) Claim 68 states, "...Ring E represents a C5-6 monocyclic aromatic carbocyclic group" and the Examiner states that it is well known in the chemical arts that a 5-membered monocyclic aromatic carbocyclic group does not exist. Thus, the Examiner suggests either removing the term "5-" or in the alternative replacing the C5-6 monocyclic aromatic carbocyclic group" with the term "phenyl" as this is the only option for a 6-membered monocyclic aromatic carbocyclic group.

Claim 69 is further objected to as being dependent upon an objected base claim, but is indicated as being allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

In response, claim 68 is amended by limiting the definitions of Ring B and Ring D to the elected subject matter as in the Response to Restriction Requirement filed December 17, 2009, and by limiting Ring E to a "C6 monocyclic aromatic carbocyclic group", thereby obviating the objection to the claims.

Accordingly, Applicants respectfully request withdrawal of the objection to claims.

In view of the above, reconsideration and allowance of this application are now believed to be in order, and such actions are hereby solicited. If any points remain in issue which the Examiner feels may be best resolved through a personal or telephone interview, the Examiner is kindly requested to contact the undersigned at the telephone number listed below.

The USPTO is directed and authorized to charge all required fees, except for the Issue Fee and the Publication Fee, to Deposit Account No. 19-4880. Please also credit any overpayments to said Deposit Account.
